# ALL CHILDREN'S HOSPITAL *Toy Drive*

---

## Help a Student *Give Back* this Holiday Season.

I am six years old and in second grade at **New Gate School** in Sarasota, Florida.

All Children's Hospital is special to me because I have had three sets of ear tubes put in there and sinus surgery. When I was there, playing with toys helped keep my mind off the surgeries and made me less nervous.

I want to help other kids who have to be at All Children's Hospital and can't go home to get presents.

There are lots of kids in the hospital everyday and they need toys to help make them less nervous.

My goal is to collect at least one hundred toys and have the whole New Gate School Community work together on this project.

---
